Dear Loyal Patient,

I am happy to announce that we are merging Complete Health Chiropractic/ Complete Healthcare of Buford with Optimum Health and relocating our office to 2085 Hamilton Creek Parkway, Suite 160, Dacula, GA 30019 (Starbucks Shopping Center).

You will see the same familiar faces, and receive the care you have come to trust at our current location, we will just be in a new facility.

Our new practice will offer expanded services with an integrated approach to healing by combining medical and nutritional services with chiropractic and rehab services to assist you with your health goals.

We will be at our new location beginning Monday, July 6, 2015. Our current office location will be closed on Thursday, July 2 and Friday, July 3 in order to make this move possible.

I am very thankful for the blessing and the opportunity to have served you with chiropractic care over the past 15 years. Our staff looks forward to treating you at our new location.

Yours in Health,

Adam Virgilio, D.C.
